Kind attention is requested to the letters cited above, wherein it was requested to clarify about the non-availability of Thiru. Roderick Mackenzie, Contract Specialist (Desal) for the preparation of RFQ document for Component CP1 - Construction of 400 MLD SWRO Desalination Plant.

In this connection PMC has informed that inputs of the legal and Procurement Experts from India HQ has been utilized to improve the quality of Prequalification Document for CP1 component and have not claimed for any additional remuneration for Thiru. Roderick Mackenzie, Contract Specialist (Desal) after 14th February 2020. Further, stated that Thiru.Santhosh Biswa, Contract Management Specialist (National) have been working on all contractual and procurement related matters and majority of the RFQ changes are happening on the Technical Criteria.

In this regard, it is informed that as per TOR of Consultancy services, Contract Specialist (Desal) has to prepare the PQ document for Component CP1, whereas the services of Contract Management Specialist (National) have been utilized and claims are made for his services rendered. Further, the changes in RFQ are more on the financial aspects rather than Technical Criteria, on which mail has already been sent to you on 01.09.2020 seeking clarification for not including Financial Performance and Financial Resources in the RFQ.

Now, PMC has assured that the documents will be vetted by respective Experts (International / national) and will be submitted by the Authorized signatories as desired. In this regard it is clarified that as per the TOR of Consultancy services the above request is mandatory and it is not the desire of CMWSSB.
