Tata Consulting Engineers Limited, India (CIN- U74210MH1999PLC123010)

SMEC (India) Pvt. Ltd. (CIN: U93000DL1997PTC088574)

Ref: SMEC/ CMWSSB / 5061185/134

Date: 12<sup>th</sup> August 2020

To,

**The Superintending Engineer (Desalination)**

6<sup>th</sup> floor, Chennai Metropolitan Water Supply and Sewerage Board,

No.1, Pumping Station Road,

Chintadripet, Chennai 600 002

Tamil Nadu, India

**Sub:** Consultancy for "Design, Preparation of Bid Documents & Evaluation of Bids for the Proposed Construction of 400 MLD Capacity Seawater Reverse Osmosis Desalination Plant at Perur along East Coast Road, South of Chennai, Tamil Nadu and Construction Management & Supervision for the Proposed Desalination Plant and its Product Water Conveyance Pipeline from the Plant and upto Porur and all allied works"  
**Action Taken Report / Reply to Queries on the Draft Environmental Impact Assessment (EIA) Review Report for CP1 – Reg.**

**Ref:** 1. Queries from CMWSSB vide your email, dated 03.08.2020  
2. Draft EIA Review Meeting held at 6<sup>th</sup> floor in O/o SE (Desal, CMWSSB), dated 03.06.2020  
3. Our Letter no. Ref: SMEC/ CMWSSB / 5061185/073, dated 26.05.2020  
4. Our Letter no. Ref: SMEC/ CMWSSB / 7061563/005, dated 20.01.2020  
5. Your Letter no. Lr.no.CMWSSB/SE(Desal)/400 MLD Plant / PMC/2020, dated 13.01.2020  
6. Our Contract Agreement with CMWSSB, dated 09.01.2020

Dear Sir,

With reference to the queries received through an email from CMWSSB vide our letter cited in reference no.1, dated 03.08.2020, please find below details of the action taken report / reply to queries on the Draft Environmental Impact Assessment (EIA) Review Report for CP1 components for the subject project.

Sl. No	Queries from CMWSSB vide email, dated 03.08.2020	Action Taken Report / Reply to Queries
1.	Under clause no.1.2, kindly rename the clause 1.2, Table 1 and also correct the scope of CP2.	The Scope for CP2 is revised as per MoD pg.no. 49 which includes only Pumping station at Perur DSP
2.	Kindly check the IS 1893 for its latest revision in Table 2.	The latest version is <b>IS: 1893 – 2016</b> , Part 1 Criteria for Earthquake resistant Design of Structures. Accordingly, the Project area falls under Seismic Zone – III.
3.	In Table 6, it has been mentioned that the project site located in designated forest land, whereas it is not so. Kindly correct it.	The proposed land for Perur DSP is not the forest land. The land belongs to the Hindu Religious and Charitable Endowments Department (HR & CE) department of GoTN.  As per G.O.(Ms) No.157 dated 29 <sup>th</sup> April 2016, the trees are planted by the Forest department in

SMEC International Pty. Ltd. (ACN-065440619/FCRN-F01483)

NJS Engineers India Pvt Ltd, India (CIN - U74210PN2007PTC129798)

Tata Consulting Engineers Limited, India (CIN- U74210MH1999PLC123010)

SMEC (India) Pvt. Ltd. (CIN: U93000DL1997PTC088574)

Sl. No	Queries from CMWSSB vide email, dated 03.08.2020	Action Taken Report / Reply to Queries
		<p>HR&amp;CE department's land. The Casuarina tree cutting shall be carried out as per the following conditions decided and ordered by GoTN in G.O</p> <ul style="list-style-type: none"> <li>Casuarina plantation of 9 years old has been planted by the Forest Department on the sharing basis agreement of 30% for the Forest Department and 70% for the Trust (Land Owner of the Perur site).</li> <li>CMWSSB has to contact the Forest Department or TNPL (Tamil Nadu Newsprint and Papers Limited) to determine the value of the Casuarina trees.</li> <li>Compensation amount for the loss of the Casuarina plantation in the rented land should be paid as a single instalment by the CMWSSB to the Trust.</li> </ul> <p>Accordingly, Table -6 will be updated.</p>
4.	In Table 7, it has been mentioned that for site clearing, Department of Forest and District Collector is Statutory authority, whereas the project site belong to HR&CE Department.	<p>The proposed land for Perur DSP is not forest land. The land belongs to the Hindu Religious and Charitable Endowments Department (HR &amp; CE) department of GoTN.</p> <p>However cutting of specific species of trees e.g. Sandalwood will come under the purview of Forest Department irrespective of the ownership of land. Accordingly, Statuary authority for Tree cutting permission/ Intimation is Forest Department, Government of Tamil Nadu.</p> <p>It may please be noted that as per Tamil Nadu government's Forest department - <i>Procedure for permission/ intimation for felling of trees</i>, cutting of Casuarina tree species is exempted from the requirement of permission.</p>
5.	As discussed on 03.06.2020, PMC is requested to identify the appropriate Shoreline erosion control and management plan framed by State government for the proposed 400MLD Desalination Plant at Perur during construction and post construction phases and accordingly, the S.No.(i) of Table 9 may be corrected.	Please refer Annexure – I.

## ANNEXURE – I

CRZ Condition	Conclusions from Studies submitted for CRZ clearance	PMC conclusion and recommendation
<p>As per CRZ environmental clearance Part A-Specific conditions (i) :</p> <p>"The project proponent shall implement the shoreline erosion control and management plan framed by the State government, as may be applicable in the area."</p>	<p>It may be noted that in the Additional details documents submitted to MoEF &amp;CC for obtaining CRZ clearance for 400 MLD Perur DSP the following were observed (Pg.no. 77 to 104).</p> <p>1) <u>Findings of the Study on Shoreline report</u> concludes as mentioned below: In the present development of Phase II and Phase III desalination plants, construction of bund does not arise as the pipeline is going to be buried. The intake and outfall pipelines will be buried in the seafloor at a depth of minimum 1.0 m below the seafloor. The littoral drift will not be obstructed due to the burial of pipelines. <b>Hence there will not be any impact on the shoreline and erosion due to the proposed development.</b></p> <p>2) <u>Findings of Mathematical modelling report on Impact of Shoreline due to the laying of Submarine pipelines for 150 MLD and 400 MLD seawater desalination plants</u> concludes as mentioned below: The mathematical modelling study shows that there is no change in sediment transport flux and in turn no changes in bed level due to the laying of intake and outfall pipelines. Further, the pipeline will be buried below the seabed, and hence the bed profile will maintain its equilibrium conditions.  Therefore, the laying of pipelines will not cause any change in coastal morphology and the seabed. Also, it will not cause any significant change in the current flow.</p>	<p>Based on the reports findings, it was clear that the Shoreline near Perur DSP is quite stable and no Shoreline erosion control with Boulders and Groins, etc., would be required to be implemented.</p> <p>Further, the condition of MoEF &amp;CC only indicates <b>as may be applicable in the area.</b></p> <p>As per the PWD report, Government of Tamil Nadu (pg. 34) it is indicated that "A significant stretch of coast south of Kovalam has a wide beach conducive for plantations as a long-term measure for protecting the coast."</p> <p>However, as a precaution - PMC proposes to include the conditions in Bid document:</p> <p>(i) Laying of offshore Pipelines to be taken up only during the calm seasonal months (typically between January to April) to avoid any Shoreline erosion.</p> <p>(ii) The offshore activities carried out by the bidder should not cause any coastal erosion and alter the beach configuration.</p> <p>GPS survey would be carried out in 1km stretch of Perur plant in North and South direction for monitoring of any shoreline changes This scope is proposed to be included in any one reputed Academic institutions and research institutes viz., NIOT Chennai, IIT Madras, NCSCM - Anna university.</p>
