Relevant Experience:

01. Name of Assignment or Project: Design, Supply and Construction of 120 MLD Sewage treatment Plant with SBR technology with Power Generation from Bio Gas

Year: Feb. 2020 to till date

Location: Chennai, Tamilnadu

Client: CMWSSB.

Main Project Features: To Treat 120 MLD generated sewage starting from screen removal system, Grit removal system, Sludge removal by Primary clarifier units and BOD/COD/Phosphorous/Nitrogen removal by adopting SBR technology and discharge of treated sewage with chlorination. Utilization of Power generated from Bio gas for operation of entire sewage treatment plant from sludge thickener, Sludge digester, and Bio gas holding tank, Bio gas engine and transformer.

Position held: Project Manager

Activities Performed: Responsible for site surveying, Selection of site, Preparation of PID, HFD and plant layout, Preparation of detailed engineering drawing for civil, mechanical and electrical works. Allocation of manpower, machineries, materials and staff for each unit. Preparation of reinforcement schedule, Quality control reports, Pour card , Bill of quantity, Overseeing earthwork excavation, concreting, shuttering, reinforcement, scaffolding, and safety measures, Hydro test, Laying of pipes, mechanical, electrical equipments. Stocking of materials. Assisting Purchase by choosing of equipments specification as per contract documents. Checking of sub contractors bills and Preparation of Abstract and Bill of measurements for Project payments. Assisting during commissioning for obtaining desirable quality parameters of treated sewage from every unit as per standards.

02. Name of Assignment or Project: Supplying drinking water for fluoride affected villages by installation of Fluoride removal technology approved by Ministry of Defense in Jamui District, Bihar.

Year: March 2018 to Jan 2020

Location: Jamui, Bihar

09. Name of Assignment or Project: 7 MLD Sewage Treatment Plant for TWAD Board, Thiruvarur.

Year: July 2013 to March 2015

Location: Thiruvarur, Tamilnadu

Client: TWAD, Thiruvarur

Main Project Features: Construction 7 MLD STP with diffused aeration system and discharging the treated sewage for agricultural purposes in and around Thiruvarur area.

Position Held: Project Manager

Activities Performed: Responsible for site surveying, Selection of site, Preparation of layout, Preparation of detailed engineering drawing for civil, mechanical and electrical works. Allocation of manpower, machineries, materials and staff for each unit. Preparation of reinforcement schedule, Quality control reports, Pour card , Bill of quantity, Overseeing earthwork excavation, concreting, shuttering, reinforcement, scaffolding, and safety measures, hydro test, Laying of pipes, mechanical, electrical equipments. Stocking of materials. Assisting Purchase by choosing of equipments specification as per contract documents. Checking of sub contractors bills and Preparation of Abstract and Bill of measurements for Project payments. Assisting during commissioning for obtaining desirable quality parameters of treated sewage from every units as per standards

10. Name of Assignment or Project: 2 MLD Sewage Treatment Plant at Indian Institute of Information Technology, Kandigai, Chennai under CPWD

Year: July 2013 to March 2015

Location: Kandigai, Chennai

Client: IITM, Chennai

Main Project Features: Installation of 2 MLD STP with diffused aeration system followed by Tube settler, Ultra filtration system for treating Generated Sewage in and around IITM Campus and utilization of treated sewage for flushing purposes, Gardening and construction purposes.

Position Held: Project Manager

Activities Performed: Responsible for site surveying, Selection of site, Preparation of layout, Preparation of detailed engineering drawing for civil, mechanical and electrical works. Allocation of manpower, machineries, materials and staff for each unit. Preparation of reinforcement schedule, Quality control reports, Pour card , Bill of quantity, Overseeing earthwork excavation, concreting, shuttering, reinforcement, scaffolding, and safety measures, hydro test, Laying of pipes, mechanical, electrical equipments. Stocking of materials. Assisting Purchase by choosing of equipments specification as per contract documents. Checking of sub-contractors bills and Preparation of Abstract and Bill of measurements for Project payments. Assisting during commissioning for obtaining desirable quality parameters of treated sewage from every units as per standards

11. Name of Assignment or Project: 5 MT Bio Gas Generation Plant from segregated Municipal Solid Waste at Puliyanthoopu Garbage Transfer Station, Chennai Corporation, Chennai.

Year: July 2013 to March 2015

Location: Puliyanthoopu, Chennai

Client: Chennai Corporation

Main Project Features: Installation of 5 MT Bio gas generation plant and power generation from biogas and utilizing the power for lighting up street light in and around garbage transfer station.

Position Held: Project Manager

Activities Performed: Obtaining approval for drawing from Client and consultant (BAARC). Preparation of technical specification for electro mechanical equipment and Obtaining approval for the same. Supervision of construction activity, erection of pipes and electro mechanical equipments.

05. Name of Assignment or Project: Laying of 700mm DI pipe line from KP Canal Uthukottai to Thervoykandigai reservoir, Chennai – 46 crores

Year: April 2015 to Feb 2018

Location: Chennai, Tamilnadu

Client: CMWSSB, Chennai

Main Project Features: Providing 700mm DI K9 Pumping main (17 km) with Pump house, DG building cum MCC building , Admin block with laboratory from Thervoykandigai reservoir to discharge in KP canal, Uthukottai for conveying water to Semparampakkam reservoir during drought season.

Position held: Deputy Project Manager

Activities performed: Preparation of Monthly procurement plan for Pipe line, Supervision of construction of Pump house & Laying of Pipeline of 700mm DI K9 Pumping main (17 km). Maintaining work done status of Projects stage wise. Arranging for Third party inspection factory visit and report submission for all electro mechanical equipments. Preparation of MB and following up of Payment. Testing of Pipeline and obtaining pipeline test report and maintaining the same.

06. Name of Assignment or Project: 4 MLD STP for Indian Institute of Technology, Chennai

Year: April 2015 to Feb 2018

Location: Chennai, Tamilnadu

Client: : CMWSSB, Chennai

Main Project Features: Installation of 4 MLD STP with SBR technology followed by Ultra filtration system for treating Generated Sewage in and around IIT Campus and utilization of treated sewage for flushing purposes, Gardening and construction purposes.

Position held: Deputy Manager

Activities performed: Project co ordination with Client, Preparation of monthly project status report. Obtaining approval for drawing from client and consultant. Preparation of technical specification for electro mechanical equipment and Obtaining approval for the same. Supervision of construction activity, erection of pipes and electro mechanical equipments.

07. Name of Assignment or Project: 1 MLD Effluent Treatment Plant for Cairn Energy India Limited, Surat, Gujarat.

Year: April 2015 to Feb 2018

Location: Surat, Gujarat

Client: Cairn Energy India Limited

Main Project Features: Installation of 1 MLD ETP with SBR technology followed by Dual media filter for treating process effluent and utilization of treated effluent for process water make up.

Position Held: Deputy Manager

Activities performed: Project co ordination with Client & supplier, Preparation of monthly project status report. Obtaining approval for drawing from client and consultant. Preparation of technical specification for electro mechanical equipment and Obtaining approval for the same. Supervision of construction activity, erection of pipes and electro mechanical equipments.

08. Name of Assignment or Project: 0.5 MLD Effluent Treatment Plant for Sterlite Industries, Tuticorin, Tamilnadu

Year: April 2015 to Feb 2018

Location: Tuticorin, Tamilnadu

Client: Sterlite Industries, Tuticorin.

Main Project Features: Installation of 0.5 MLD ETP with SBR technology followed by ultra filtration and RO Membrane and treating process effluent and utilization of treated effluent for Boiler feed water make up.

Position Held: Deputy Manager

Activities Performed: Project coordination with Client with supplier, Preparation of monthly project status report. Obtaining approval for drawing from client and consultant. Preparation of technical specification for electro mechanical equipment and Obtaining approval for the same. Supervision of construction activity, erection of pipes and electro mechanical equipments.

12. Name of Assignment or Project: Construction of LPG Storage yard, scrap yard, Paint shop, Axle plant, weighing bridge & compound wall for 10 km, Admin building (G +2) and canteen building, Heavy machine foundations for machine shop, Test track for Heavy Building construction Equipment and concrete roads in Expansion project phase II in caterpillar India Limited, Thiruvallur and School building aided by Caterpillar India Limited

Year: June 2012 to May 2013

Location: Thiruvallur, Tamilnadu

Client: Caterpillar India Limited

Main Project Features: Expansion of Construction activities for Expansion plan for increasing production capacity

Position Held: Project Manager

Activities Performed: Supervision of construction activity. Preparation of BOQ, Monitoring safety of Labours, Preparation of sub contractor bill and Project bill. Procurement of construction materials and maintaining the stocks record.

13. Name of Assignment or Project: Installation of 2 x 75 cum/hr Cooling Tower Effluent Treatment Plant in Jindal Energy Limited, Bellary, Karnataka.

Year: Jan 2011 to May 2013

Location: Bellary, Karnataka

Client: Jindal Energy Limited

Main Project Features: Installation of 2x75 cum/hr UF & RO system and utilizing the treated effluent for Boiler feed water make up

Position Held: Sr. Project Engineer

Activities Performed: Supervision of construction and erection all electro mechanical equipments and pipeline, HRSCC system, Multigrade filter, UF and RO system, Chemical dosing system, sludge handling units.

14. Name of Assignment or Project: Installation of 30 cum/hr Sewage Treatment Plant in Nokia SEZ Park, Chennai.

Year: Jan 2011 to May 2013

Location: Sriperumbudur, Chennai

Client: Nokia SEZ Park, Chennai

Main Project Features: Treating of 30 cum/hr Sewage and utilization of treated sewage for flushing purposes, Gardening and installation of Anerobic digester & utilizing the generated Bio gas for cooking in staff canteen.

Position Held: Sr. Project Engineer.

Activities Performed: Supervision of construction and erection all electro mechanical equipments and pipeline of Screening system, Oil & grease removal system, Primary clarifier, Anaerobic Digester, Multigrade filter and Chemical dosing system.

15. Name of Assignment or Project: Consultancy for installation of Water and Wastewater Treatment Plant upto the range of 60 MLD

Year: Oct 2006 to Dec 2010

Location: Chennai, Tamilnadu

Client: TNPL (Pugalur), ITC Paper mill (AP), West Coast Paper mill (Karnataka), Servalakshmi Paper mill (Thirunelveli). SPB Paper mill (Erode), BILT Paper Mill (Maharashtra)

Main Project Features: Increasing of Paper Production capacity by mill expansion plan by installation of new equipments and machineries.

Position Held: Project Engineer

Activities Performed: Preparation of DPR for mill water drawal system, Preparation of mill water balance, Preparation of design and detailed engineering drawing for intake well, water drawal pipe line (~~transmission main~~), Supervision of water drawal (~~transmission main~~) of K9 DI Pipe, length of 50 km laying ranging from 350 mm to 700 mm from River intake station to mill reservoir, construction of WTP and ETP, Erection of pipeline for mill water distribution for process purpose, Pumps and electro mechanical equipments.
